

## **Take advantage of our new college credit option!!**

We are pleased to announce a new partnership with the Edmonds Community College allowing us to offer two college credits for students successfully completing the Business Week Summer Program! This is a great opportunity to get a jump start on college – so don't miss out!

The Edmonds Community College (EdCC) has created a specific course (MGMT 255) for the Business Week Program worth two credits that may be applied toward Management Degree options at Edmonds Community College. They may also be recognized as elective credits at other colleges, however it is up to each student to identify if and how credits will transfer to their intended college.

Due to this partnership, Business Week participants are able to benefit from a reduced tuition rate of \$50 (the typical tuition for 2 credits is \$147.30). ***These credits are optional, and the \$50 fee is in addition to Business Week's \$295 registration fee.*** These two college credits can be earned by fully participating in the one-week program. There will be no additional tests or written papers required. The grade will be "S" (satisfactory).

To register for college credit, you will need to:

- Complete the Edmonds Community College registration form (form will be sent out three weeks prior to your Business Week week)
- Make a payment of \$50 (check payable to EdCC) and return it to the Business Week office prior to (or during) your week of attendance.

Following the program you will receive directions by mail about how to download your grade from the EdCC website.
