

# COLLEGE CREDIT

**Take advantage of our \$75 for TWO college credits option!**

Dear Business Week Students and Parents:

Due to our partnerships with the Edmonds Community College and Walla Walla Community College, we are able to offer two elective college credits for students successfully completing the 2012 Business Week Summer Programs (including the Healthcare, Energy, Get AMPT! and Agri-Business Week Pathways). This is a great opportunity to get a jump start on college – so don't miss out!

Edmonds Community College (EdCC) has created specific courses for the Business Week Programs worth two elective credits that may be applied toward Management, Healthcare, Energy and Manufacturing Degree options at EdCC. Walla Walla Community College (EdCC) has created a specific course for Agri-Business Week worth two elective credits that may be applied toward Agriculture Degree options at EdCC. These courses may also be recognized as elective credits at other colleges, however *it is up to each student to identify if and how credits will transfer to their intended college.*

All participants are able to benefit from a reduced tuition rate of \$75 (the typical community college tuition for two credits is about \$200). ***These credits are optional, and the \$75 fee is in addition to your registration fee for the Business Week Program.*** These two college credits are earned by fully participating in any of our one-week programs. There will be no additional tests or written papers required. The grade will be "S" (satisfactory). *Business Week will make the determination on each application for college credit whether or not that the student has satisfactorily participated in the program. If it is determined that a student has not completed the program outcomes successfully, the registration form and payment for college credit will be returned to the student.*

To register for college credits, you will need to complete either an online or pdf college credit registration form. You can register for college credit prior to the program or bring the form with you to the program. Your check or money order should be made out to *Washington Business Week* in the amount of \$75.00. Cash and credit cards are also accepted. Washington Business Week is not able to provide financial assistance for the college credit fee.

Registration and payments **will not be accepted** beyond one week after the week you attend. Be sure to **complete ALL required (highlighted) fields, especially the Social Security Number field.** We will only accept registration forms that are complete.

You will receive a letter from the community college in the fall with directions telling you how to download your grade or request a college transcript from the college website.

If you have any questions – please contact the Business Week office at (800) 686-6442.

Sincerely,

Stephen A. Hyer  
Executive Director
