Healthcare Week is a program of
Washington Business Week

Real World Experience. Life-Changing Results™

What is “Healthcare Week?”

Washington Healthcare Week is a leadership program designed to introduce high school students to the exciting career possibilities in the healthcare industry.

In addition to attending seminars and workshops throughout the week, you’ll work in a “clinic” of 10 students paired with a mentor from the healthcare industry. You’ll navigate your way through a series of group activities, including working through a nationwide health crisis, hands on clinical workshops, life science challenges, and personal health seminars.

What will you learn?

You’ll engage in lots of activities designed to identify how your abilities relate to a wide variety of careers available in the healthcare industry. You’ll also practice teamwork, ethics and leadership skills which are critical to your future success in any profession.

Sign up today!

Healthcare Week is open to all high school age students. The registration fee of \$325 covers: a full week’s stay at a college dorm, all meals, program materials, activities, entertainment and a t-shirt. *Financial assistance is available.*
