

The student presenting you with this form is requesting a donation that will help fund their participation in Washington Business Week, a week-long summer program where students experience an in-depth look at business, ethics, free enterprise, teamwork, and life skills that will better prepare them for life after high school.

She/He will be part of a small group competing in a variety of business competitions that are designed to provide real-world experience. The students run a simulated company, making important management decisions, while learning how to succeed in the workforce. They also work closely with business professionals that have volunteered to mentor them during the week.

In order to afford such a tremendous program, this student needs your help! All students are asked to pay a program tuition of \$825 for residential programs and \$375 for non-residential programs. (The total cost per student is actually about \$1,500 for residential programs and \$1,150 for non-residential programs, but fundraising efforts by Washington Business Week cover a large portion of student costs.) The student fee includes all meals for the week, housing in a college dorm (residential program) and all program materials. Any amount you can contribute, will help this student to attend the program.

Thank you for your help.

WBW TEAM

Thank you for your support!

Please visit www.wbw.org for additional program

Business Week, Healthcare Week, Agri-Energy Week, Manufacturing Week, Tech Week and Advanced Business Week are programs of the Foundation for Private Enterprise Education, a 501(c)(3) organization.
